BOOK SYNOPSIS

The Milady Standard Haircutting System is a formalized system designed to make teaching and learning the foundational principles of haircutting easier, while ensuring a solid understanding of the technical and creative aspects of haircutting that will set students up for success throughout their career. The system teaches fifteen haircuts, each delivered via brief, segmented pieces of content, that allow for the information to be easily understood and retained. It then builds and strengthens the skills that are presented by means of repetition, revision, and exploration. The system also provides students with a conceptual understanding of the components involved, teaching them to clearly communicate their creative ideas to their guests and the ability to adapt the learned techniques to ensure their approach to each individual patron will yield equally successful results. Additionally, through extensive training materials available to the instructor to integrate and teach the system, schools can feel confident that the Milady Standard Haircutting System will foster a rich classroom environment for both student and instructor. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
